

REQUEST FOR EXPRESSION OF INTEREST NO. 1887-001-2024-001
PRE-QUALIFICATION FOR WEBSITE SERVICES

QUESTIONS AND ANSWERS NO. 1

ISSUED ON FEBRUARY 9, 2024

| | |
|----|--|
| Q1 | Is SPS open to replacing the Drupal CMS for the new website? Or are they keeping Drupal as the underlying system for the new website too? |
| A1 | We would be open to replacing Drupal as our CMS in the long term, however we'll likely stay on Drupal until we're police of jurisdiction. |
| Q2 | What is the allocated fund or the range of budget for this website project? |
| A2 | We're in the process of finalizing our budget but we do understand this is a large project with considerable development and enhancement work on multiple websites. |
| Q3 | What is the final deadline for the submission as it is showing 26th Feb 2024 on the portal and 1st March 2024 in the RFP document? |
| A3 | March 1, 2024 |
| Q4 | What will be the preferred work location for the vendors? Would you require a team on-site or off-site? |
| A4 | We would prefer the vendors to be in pacific standard time zone for ease of communication and scheduling, but it is not a requirement. The team would work off-site. |
